

Instructions for patients coming in for examination

Women's Hospital X-Ray Unit

Place of examination and registration

Women's Hospital (building 9)

Haartmaninkatu 2, Helsinki

Women's Hospital X-Ray Unit, 1st floor

telephone +358 50 4394 693 (from 8 am to 3 pm)

Come in through the Women's Hospital main entrance. Register with the self-registration kiosk and then follow the blue line on the floor. Follow the line to the X-ray unit on the 1st floor. Please stay in the waiting area with the text "Mammography and ultrasound examinations waiting room" on the door.

A nurse will call you in for the scan.

You have already received patient instructions for this examination.

Prepare for the examination according to the provided instructions.

Please do not wear any strong fragrances when you come to the examination.

Substances used in fragrances may cause serious symptoms in other people.

Please bring with you

- Kela Card or identity card
- Mammography and breast ultrasound images from a private clinic as prints or on a CD, and their reports.

Cancelling and changing appointments

If you cannot come at the scheduled time, cancel the examination.

Cancel the examination as soon as possible or by 3 pm on the weekday preceding the appointment at the latest by calling the number above.

More information

Instructions concerning the examination, please contact the examination place on week-days from 8am to 3pm.

Patient instructions and information on examinations: www.hus-imaging.fi or www.tutkimukseen.fi (this site is not available in English).

Please give feedback to us

Help us develop our services further.

You can give feedback in writing at the time of your appointment or alternatively by answering our online survey at: www.hus.fi/en >> [Give feedback](#).

Parking, public transport and accessibility

Parking is usually subject to a fee and the spaces are few.

More information on parking and public transport is available online.

See accessibility information on the examination unit's webpage www.hus.fi/en/x-ray-units. Information is also available in [Service Map](#).
